

THE HERALD.

JNO. P. BARRETT, Editor.
CICERO T. SUTTON, Associate Editor.

WEDNESDAY, JUNE 1, 1881.

AN attempt has been made on the life of the Czar. He is closely guarded.

It is reported that the Star route thieves have been regularly indicted by the U. S. Grand Jury.

The indications now are that Governor Cornell will be elected as U. S. Senator from New York.

There will be a total eclipse of the moon at midnight on the 11th inst. It will be generally visible in this country.

Several interesting and news communications which were crisscrossed on our last issue appear on our first page.

An excursion steamer with six hundred persons on board, went out on Monday, Ontario, last week. The boat was badly constructed and was heavily over-loaded.

Chances let our readers know that he is not dead and gives a little wholesome advice to newspaper correspondents generally. We shall have an article from his plucky pen at an early date.

Do not fail to read the letter to farmers which appears in this paper. Every issue will contain an article of this kind by the same author, and they will repay the careful reader, whether he be a farmer or not.

PETITIONS are in circulation in Louisville in favor of the removal of Mrs. Virginia Thompson from the post-office in that city. So far as we have been able to learn she has made an efficient officer and we shall regret to see her removed except for cause.

A COUPLE of gay young men last week made a proposal to the Ladies' Sewing Club of Frankfurt to donate ten dollars to the society if they, the ladies, would hold their tongues for one hour. No one thought they could accomplish the feat and live, but at the expiration of sixty-one minutes the money was claimed and paid.

The jobbery and corruption in the Post-office department is thought to have its parallel in the Treasury and to be over-reached by the Navy department. Never until there is a complete change can we hope for anything better. The whole Republican party is a mass of rottenness, and to look for official purity within its ranks is like expecting a lion to turn to a lamb.

The New York Legislature began the ballot for the election of successors to Conkling and Platt yesterday. Everything points to a lively time and grave doubts are entertained by the Conkling men of his return to the Senate. It is quite likely that there will be another dead-lock similar to the Pennsylvania affair of last winter.

Two weeks ago Grant wrote a letter to Mexico in favor of cooking, and one to his way home to take part in the row. He is now in jail at that place and at last accounts was in imminent danger of being placed at the tender mercies of an enraged mob. If reports of this kind are true Butler county would be very much better off if he were put out of the way at once, as it stamps him a desperado of the worst class. If the mob does not lunge him the law should.

AN article in a late Louisville Evening Post—being an interview with Mr. Victor Newman—raises the hope among our people that Dr. Stansfield may again be called to the Presidency of the Louisville and Nashville and Great Southern railroad. There is no man so popular with the stockholders and friends of that road throughout Kentucky and the South as Dr. Stansfield, and his reappointment at the head of that great institution would be hailed with joy everywhere.—*Elizabeth B. Adams.*

THEODORE is knowing with the necessary municipal cynicism of Morley, Mexico, on account of the seizure of the United States ship Acacia. The Navy Department has ordered a man-of-war to the scene of the trouble with instructions to thoroughly investigate the affair. The growers will never be satisfied until we give them a good whipping and take their country on a trip to our big kite. It will be done some day.

THE redoubtable "Milton" has an article in favor of female suffrage in this issue. Milton has an efficient co-worker in this part of the county in the person of John W. Bryant, whose name appeared in the columns as a candidate for the Legislature sometime ago. This is an age of wonders and changes, and who knows but the very change advertised by "Milton" and Bryant may be consummated at an early day. It may come and it will pay you to keep posted on both sides.

OUR welfare as a commonwealth and as a nation depends much on the general diffusion of knowledge among all classes of people, and until this result is reached we may never hope to attain the highest possible point in the scale of progress. Our common schools are the only means by which we may hope to gain this point, and every one must admit that our present school system is almost totally inadequate to accomplish the result desired. What is to be done about it? What can be done about it? The school system must be improved and how is it to be done? These questions are discussed at length in this issue by "Vindex" is one of the ablest articles we have ever seen from the pen of any writer on the subject, and the reader who reads and studies the article in question will find that he has learned more of the true inwardness of the school system than he could from a whole volume of dry disquisition on the usually dry but none the less important topic of elementary education. Read the piece and form your own opinion, which we doubt not will be that it is the ablest and most exhaustive that you have ever seen.

Mrs. GARDNER is now convalescent and will be up in a few days.

SECRETARY BAINE is getting mixed up with the post-office frauds.

ANN ELIZA YOUNG did not make a big thing of her lecture in Louisville.

The Boone bridge bill has been rejected by the city council of Louisville. About all that was accomplished in the whole thing was by Barret & Co., who called President Hadenmanna "mad as a hatter and second-rate."

The Star-route thieves present a sorry aspect in their dejected march to the penitentiary. Brady lends the gang and Dorey and the rest follow closely keeping step to the mournful music of McVeigh's minuet. Bad Brady.

SAMUEL J. TILDEN'S prediction that Garfield's administration would be the stormiest on record, is being very fully verified. No President has had so much trouble so early in his administration and it seems to be only fairly begun.

The town elections throughout Virginia point conclusively to an early ousting of Mahone and Mahonism. Riddleberger will be Mahone's next candidate for Governor now that his hopes for a position in the U. S. Senate are forever dashed to the earth.

The Breckenridge News has been punning the skin of Star-route officials and crooks in general at Washington, and it now finds itself with a job of the same kind on its hands at home. The town trustees recently leased a wheel-of-fortune gambler in direct violation of the law prohibiting such things.

Is the early spring-time long ago? Zevo Young, of the Madisonville Times, prays for maple syrup. His prayer is now being answered by showers of strawberries and spring chicken, and in every part of his paper you can see his "yuu, yuu, yuu," and his headline man smiles complacently as he observes him and is reminded that the cucumber conundrum.

MR. GEORGE POAGE, of Breckenridge, has favored us with a circular letter announcing his candidacy for Clerk of the Court of Appeals. In his letter Mr. Poage says: "I have been for a number of years Clerk of both the Circuit and County Courts of this and Lawrence county, and would refer to those who have known me both as to my qualifications and promptness in discharging my duties."

BOYD county needs a few old-fashioned, whip-lashing Puritans. Ed Barry was drowned near Ashland last week, and his friends resorted to the superstitious foolishness of throwing the shirt he wore last into the water and allowing it to float down the stream. It was thought that it would float to a spot over the body where it would sink. The shirt, it is needless to say, failed to sink at the right place and the body is yet unrecovered.

YACHTING CLUBS were started in Butler county two weeks ago for the murder of his wife's sister by stamping her to death. He is now in jail at that place and at last accounts was in imminent danger of being placed at the tender mercies of an enraged mob. If reports of this kind are true Butler county would be very much better off if he were put out of the way at once, as it stamps him a desperado of the worst class. If the mob does not lunge him the law should.

LAST Saturday was Confederate Decoration Day and in all the counties where rest those who bravely fell while defending all that was dear to them, flowers were profusely placed in their honor. Some of the bloody-shirted scoundrels of the North are raising a howl about the matter and attach a political significance to it that does not at all apply to the subject. The decoration of graves of Southern soldiers who died in battle is only a demonstration of individual respect for men who fought and fell for home and friends and not the work of designing men to get up a feeling of sectional hatred.

THE continuation of Stanley Matthews was a grievous wrong, but for all that Kentucky can not afford to retire Mr. Beck from the Senate. He is emphatically the leader of the Democracy of Kentucky, and to send him back to private life will be to greatly damage the party of the State and the nation. Beck did vote for Matthews and to re-insure Hayes for the expense of the Louisiana Commission. The latter was nothing but a matter of justice, but we can not explain the vote for Matthews, nor have we seen any thing from Beck himself in regard to the matter, yet we would not lay him aside for one not which may be made a mistake. Let him who is without sin cast the first stone.

THE trial of Jesse Batelle for the murder of Col. E. A. Starling at Crofton, Christian county, last summer, was ended last week at Princeton, where the case had been taken on a change of venue. Starling was a candidate for Sheriff on the Republican ticket and Batelle was also a Republican, but opposed to Starling who seemed Batelle of having sold out to the Democrats. Batelle heard that Col. Starling had made some remarks and on the evening of June 12, 1880, at public speaking, asked Starling about it. Starling replied, "Batelle, I don't say it." Batelle's reply was, "You are a d—n liar!" Starling then struck him in the face with his left hand and at the same time raised his cane and struck him on the side of the head. As he raised his cane to strike a second time Batelle drew his pistol and fired, the ball taking effect in Starling's abdomen, causing death in two days. The jury returned in the jury room from 2 until 8:30, p. m., when they returned a verdict of not guilty. Batelle was released amid considerable applause and the congratulations of his friends.

JOHN BUSH, the negro who murdered the little daughter of James Van Meter, now of this county, was again tried at Lexington, last week, and sentenced to be hung. He has had two trials heretofore, once the jury hung, and the other time he was found guilty and condemned to death. The Court of Appeals gave him a new trial, which has resulted in a death verdict. It was a fearful case of murder, and we have never yet heard a suggestion that could in any way excuse the crime. Thirty-six jurors have heard the evidence and thirty-five have voted for the death penalty. The other, who hesitated about hanging because of a repugnance to capital punishment, was for imprisonment for life. He is a rascal, his fate, and as much as we shrink from the taking of human life, the sooner that monsters who shoot little girls are out of the way, the better it will be for the world and humanity. Bush will be hung on June 21st. *Check O'Quinn Herald.*

A REPORT has been going the rounds of the State press that Gen. Will Danks has been appointed Judge of the Court of Appeals, *vice* Hon. M. H. Coffey, deceased. That this is erroneous may be seen by examining Sec. 7, Art. IV of the State constitution, which is as follows: "If a vacancy shall occur in said Court from any cause, the Governor shall issue a writ of election to the people of this State to elect a successor to fill such vacancy for the unexpired term of the term. Provided, That if the unexpired term be less than one year, the Governor shall appoint a Judge to fill such vacancy." The term of office to which Judge Coffey was elected does not expire until August 1882, therefore the Governor has no power to make any appointment, but must issue a writ of election.

AN Ohio County Boy. — Chas. L. Woodling, Esq., the attorney of the tax league, was strongly instrumental in securing the decision in the Road litigation case. Mr. Woodling prepared the papers in the appeal cases, and presented the case so ably to the court that he deserves great praise. Mr. Woodling is a lawyer of great ability and has a faculty of putting his vast legal knowledge in plain shape. *Evansville Courier.*

We Still Live.

MEASLES HAS found ITS way into the Tennessee penitentiary. — *Cincinnati Enquirer.* — Look here young man, did you know there is a paper called the Hartford Herald published in these parts? — *Hartford Express.* — The Herald seems to be aware of the existence of the Herald as are also a goodly number of other folks, and with its usual clear-cut and correct ideas in regard to property in grammar, as in many other things, it stands up with the Herald and vanguard, and says that measles is.

Court Notes.

The wheels of justice seemed to be well-oiled and ran smoothly all last week. Quite a large number of commonwealth cases were continued because of the parties not being before the court; others were continued because of absence of witnesses, and but few trials were had.

W. R. Jones, of Fortsville, was appointed and qualified as Examiner and Treasurer to hold his office in Fortsville.

The case against Wm. Madden for carrying concealed deadly weapons, was tried and Madden acquitted.

The case against Henry and Elijah Crow for shooting at Mark Twain was tried on Friday. Elijah Crow was acquitted and Henry Crow was found guilty and sentenced to twelve months' hard labor on the roads, *vice*, of the county, and to be confined in jail while not at work. A motion for a new trial was overruled.

Henry Woodburn, for foundation, was acquitted.

Froggie Firtle, for selling liquor to an inebriate, was acquitted.

B. B. Vannor, selling liquor to a minor, fined \$50.

Jessie Taylor, selling liquor to a minor, two cases; one dismissed and one continued.

The case against Wm. Edwards for petit larceny was tried, and he was acquitted. He was badly defended by Charles W. Massie, who made an effective speech to the jury, to the complete satisfaction of his client and convincing to the jury.

J. Will Cooper, two cases for selling liquor to a minor; both dismissed.

R. S. Fitzhugh, for shooting in sudden heat and passion, confessed judgment for \$29.

Almon Taylor, colored, for keeping gambling house, was acquitted.

The grand jury returned an indictment against Bob Barrett, of color, for injuring country.

J. T. Reuter, Marion Likens and Sol Likens for maliciously striking and wounding with intent to kill.

The tramps, Mike Shue and Henry Cleveland were acquitted and turned out of jail.

J. D. South was indicted in two instances for stealing wood.

George P. Miller was excused from the grand jury and George Bradfield qualified in his stead.

Today the 8th day are set over to Friday the 11th day.

R. H. Widding, J. H. Weller, Henry McHenry, Jr. and Harrison P. Taylor filed proper certificates and made application for license to practice law. W. F. Gregory and E. V. Hubbard were appointed committee to examine them. They gave each of them certificates of qualification. McHenry and Taylor took the oath required by law last Monday morning.

Testimonial.

Beva, April 7, 1881.

DEAR SIR: I can cheerfully recommend your Indian Syrup to all who may be suffering from nervous debility, indigestion, or any of the ailments of the spring of 1881. I procured one bottle which gave me such relief that I purchased another which restored me to good health.

Yours respectfully, LEON RUSSWAG.

McHenry Letter.

May 23, 1881.

Editor Herald: — I died at my residence in this place Friday, the 20th inst., Mrs. Fields. Her health had long been failing, and though the blow was sudden, it was not unexpected. She was a native of the family burying ground, near Louisville, this county, yesterday evening. Her loss from our midst will be deeply felt.

McHenry is still improving. I noticed a new building in course of construction in the vicinity of Mr. Espey.

Miss Eliza Taylor, after an absence of a week, returned yesterday and will today resume her position as assistant teacher in the school at this place.

I understand that the McHenry Coal Company will be ready to take out coal at the new "slope" about the first of September, and the ensuing season, needless to say, will be a lively one for miners in this locality.

SEMPER PARVUS.

Potomac Pleasant Pickings.

May 27, 1881.

Editor Herald: — As usual with your correspondents news items are scarce.

The health of the denizens of the Point is quite good just at this time.

Allen Brown, who has been confined in his bed for so long, is improving.

Mr. Hunt, our new merchant, is doing a good business at this place.

Mr. Patterson is about through receiving tobacco. He has about one hundred thousand pounds on hand.

The Point has a good school conducted by Miss Ada Davis. We also have a Sabbath school, and the usual attendance and much interest is manifested in it. I hope it will prove to be a success.

We have no barn-burns or building places at all now, and I hope in their absence that the Sunday-school will be the place of resort.

Farmers are complaining of the drought which exists at present. They say that plowing will be compelled to stop if rain does not come soon.

P. P.

Shelby County.

SHELDONVILLE May 22.

The Annual Association of Kentucky Baptists closed on last Friday. The delegates were well pleased with the business transacted. Rev. Green Clay Smith was selected Moderator. The next session will be held in Hopkinsville.

Among the more noted visitors in attendance was Dr. Graves, of China. He has been in this country 25 years. He will shortly sail for that country again.

The farmers of this county are generally through planting corn. But that which has been planted sometime has not yet come up.

It is supposed, and perhaps is a fact, that the corn was injured by late frosts.

Farmers say that the grass has come on more rapidly since spring set in than ever before.

There has been no rain here for ten days past.

The present condition of the wheat crop of Shelby county is worse than it has been for years, chiefly for the reason of its having been so dry. The average yield was but much larger than the year previous, but, owing to the fallow, many fields have been plowed up preparatory to planting corn.

Mrs. Frances Humpton, while visiting Elijah Hoover a short time ago, I understand, was visited by some hawk-eyed party or parties who presented her with a bundle of hickory, birch, feathers, &c., with orders to keep her distance from these heights in the future. Quite complimentary indeed, but whether Mrs. Humpton really desired to be honored by such a recognition from the kinkax or not is probably better known to those, however, the community is indignant that Mrs. H.'s visit has assumed an angelic form—few and far between.

A string band has been organized at Pleasant Ridge composed of the following young gentlemen: D. S. French, Wm. Hunter, J. King, Luther Johnson and Alex. May. Mr. French, their leader, is an excellent violinist, and the other members are possessed of sufficient musical talent to soon perform efficiently their respective parts.

Great complaint is everywhere prevalent that corn has come up badly this season. Furore owing and replanting has caused farmers to get behind with their work.

Patience Pleasants.

Editor Herald: — In January last your Battleville correspondent, having been fortunate in procuring those beautiful spectacles, presented to me in due time and which you posted in regard to city matters generally. The long silence since then is not from negligence, laziness, indolence, or anything of that kind, but for want of leisure. Suffering from a severe cold, I have been unable to leave my room since the 1st of February, and the long silence is due to the fact that I have been unable to leave my room since the 1st of February.

White Oak Letter.

Editor Herald: — News is very scarce. Wheat looks woefully bad.

There will be an effort to re-organize a Good Templars' lodge at Mt. Vernon on the second Sunday in July.

Local opinion is the talk of the day at this time. The question will be voted on next August. Thursday for local option. Thursday, however, one of the tallest old leaders in this neighborhood, has had the measles, but I am glad to note that he is able to catch rabbits and kill squirrels as usual.

What has become of your "Lovely" tale correspondent? Is he like all the other Greenbackers—dead?

There seems to be a debate between Rev. T. D. Kendall, of the M. E. Church, and Rev. Watson, of the Reformed Church. I suppose Mr. Kendall thinks Mr. Watson "puts the soldier to sleep for the laundries." The debate will commence in Salem and end at Jordan.

I have heard John P. Barrett spoken of as a candidate for the Legislature, and I am confident I shall be for him now and forever.

Editor Herald: — I see a communication in the Herald signed "Nix" that accuses some one of being intoxicated on the evening of the Good Templars' election. I have no recollection of the evening of the election, but I must be the one charged, "Nix" is not capable of slandering any one where he is known. The one charged is a man who has been in the city for some time, and I have never seen him intoxicated.

—Ben Carter, of color, was found yesterday morning in spilt water and mutilated state. He was seen on the previous evening in a high state of intoxication and it is supposed that some one, taking advantage of his condition, attacked him. His right eye was mutilated, and his physician, Dr. Joe T. Miller, thinks he will lose it. No clue to the perpetrator has yet been found.

—Andrew Williams and E. R. Ashby are solicitors for Kentucky for the Harris & Smith Self-extinguishing, Non-explosive Safety Lamp. Andrew Williams will canvass the eastern portion and E. R. Ashby the western portion of the State. For territory or county rights address them at Hartford, Ky. 22-21

—In last issue of this paper we advised our readers to purchase clothes for themselves or their sons from what we consider the most enterprising and reliable clothing firm of the country—J. Winter & Co., corner of Third and Market streets, Louisville, Ky.—but we failed to add the remark that they would save more than the cost of the trip in doing so.

—We have just purchased a mailing machine, and in a week or two will send your paper with the date to which you have paid printed on it, provided you are not too behind. In that case your name will not be placed on the new list at all, but will be charged up and the account presented to you. If you wish to continue reading the Herald, you will please to pay your dues at once. We cannot afford to carry a long list of non-paying subscribers, and will not do it. If you are behind, this applies to you, and you are requested to pay up and renew. Don't forget it.

—In the woods at this time may be heard the "Parrot" of millions of locusts. The sound is one continuous monotonous roar and is very disagreeable. Many persons seem to think that the "plague of locusts" is something to be dreaded and we constantly hear predictions of the great damage they will do to growing fruit, crops, etc. Such predictions are erroneous from the fact that locusts neither eat or deposit their eggs in fruit. As to their bite or sting they are not possessed of any, and all the damage they are capable of doing is to deposit their eggs in twigs of various kinds of trees. The "w" which some people think they can discover does not mean war or even blood, but is perfectly natural humanness as it is seen on all locusts and many species of the common grasshopper. Don't get frightened.

—In visiting any town or city one of the most essential things is to find a good and comfortable hotel, where the traveler can rest his weary head. This at once realized by stopping at the Hartford House. Here you have the best of fare, polite and attentive waiters, good and comfortable rooms and clean and downy beds. C. F. Smith is the gentlemanly proprietor. When you visit Owensboro don't fail to stop at this hotel.

—In the report of marriage licenses last week our reporter made the un pardonable blunder of getting in the name of the surety instead of the principal. It should have read D. W. Wakeham and Maggie A. Patterson, instead of J. C. Loney and Maggie A. Patterson. The injured party may rest assured that the offense shall not be repeated, as we put the aforesaid reporter head-foremost into our old dirt-lout market and shot him off. He had been with us in that short time and we hope he is in that land where no full-fledged editor is ever seen. Peace to his power-hungry soul!

—A few days since a gentleman from McLean county was passing the house of Will Fletcher, near Sulphur Springs, in this county, when he heard screams of agony proceeding from a child in the house. He alighted and went to the door, where he beheld a piteous spectacle in the shape of a small boy prostrate and bleeding from blows inflicted by the brutal beast, who was sitting over the child's body and still applying the raw-hide lash. The gentleman ordered him to stop, but the cruel wretch would not budge, but he would not do so, and that it was no one's business but his own. The gentleman then proceeded to make it his business by stopping him at once by force. The grand jury should investigate the case as the child is an orphan taken by him to raise. Our informant states that the child is still suffering from the cruel beating.

—While in Owensboro last week we were shown through the mammoth book and stationery house of George & Walter Parrish. They keep constantly in stock all kinds of school books, unobscured blank books, stationery, box paper, plain and fancy, wall paper from 10 cents to \$2.00 per roll. Can furnish paper for room 12x16 feet, 10 feet ceiling for \$2.05, including border. Lead pencils from 15 cents per dozen up. Large line of oil paintings. Five-luck gilt frames and painting only \$5.00. Chromos in handsome frames for only \$1.00. Picture frames of all kinds made to order. Large line of lady buggies. They have a five and ten cent counter, with articles worth double and treble the money; New Testaments of revised edition. Musical instruments, such as violins, guitars, accordions, banjos, and in fact anything in the musical line. Shown inside of all kinds, a large variety of toys and a thousand other things too numerous to mention. All these goods can be purchased at from 10 to 25 per cent. lower than any other house in the Green River country. When you go to Owensboro visit this house.

Important to Teachers.

The remainder of the school funds is now in my hands for distribution.

St. John's Day.

The Masonic fraternity of the vicinity of Rosine and Horse Branch, under the management of J. J. and R. T. Hoover, will celebrate St. John's day at Fordsville, near Horse Branch, on Friday, June 23, 1881.

A Vicious Dog.

Mrs. Sallie Antry, an old lady of some 75 winters, living near White Run, while visiting a neighbor on Sunday of last week, was attacked by a vicious dog belonging to J. Wilson and torn and mutilated in such a manner that life was almost extinct. Her informant says: "At this writing she is alive, though but little hope is entertained of her recovery." It is needless to say that the dog was killed.

Full Against a Sharp Edge.

This is furnished by Mr. Wm. Will, 1014 Frankford Ave., Philadelphia, Pa.: "Some time since I received a severe injury to my back by falling against the sharp edge of a marble step, the stone penetrating it at least a half-inch, and leaving a very painful wound. After suffering for a time, I concluded to apply St. Jacobs Oil, and am pleased to say that the results exceeded my expectations. It speedily allayed all pain and swelling and by continued use, made a perfect cure. I really think it the most efficacious liniment I ever used."—Rockford (Ill.) Register.
